Subject: RE: TT-102 sampling

Ms. Fly,
Yes MWD would like to collect split samples for this cluster. Please contact John at 516-322-8276 on Thursday to coordinate the time. Thank you.

Stan Carey, Superintendent
Massapequa Water District

Subject: TT-102 sampling

Mr. Carey,
I'm following up on a telephone message that I left this morning. Resolution, the Navy's consultant, in cooperation with ARCADIS will be sampling the TT-102 cluster on May 28th. Sample collection is anticipated to begin around 10 am for the first well location and 11 am for the second well location. Please let me know if you would like to collect split samples and please provide a point of contact so notification can be provided if the schedule is altered.
